Rabbit IgG

Basic information:

Catalog No.:	UB2002-1	**Source:**	Rabbit
Concentration:	20mg/ml	**Isotype:**	IgG Monomer
Purity:	>95% as determined by SDS-PAGE.		

Useful Information:

Applications:	ELISA, LETIA, RIA, CLIA and GICA
Usage:	Blocking
Format:	Liquid
Presentation:	PBS, pH 7.4
Description:	A passive blocker is a preparation of normal animal immunoglobulins usually added in excess concentration to prevent interfering antibodies from binding to the assay antibody components by providing alternate or competitive binding sites.
Storage:	Store at 4°C short term and -20°C long term. Avoid freeze-thaw cycles.
Note:	Test systems and platform change may cause different results, please contact us if youhave any questions. This product is sold for research use only. Standard Laboratory Practices should be followed when handling this material.
