

## Native Human FDP Protein

### Basic information:

|                         |               |                 |                     |
|-------------------------|---------------|-----------------|---------------------|
| <b>Catalog No.:</b>     | UDP9106-9     | <b>Species:</b> | Human               |
| <b>Expression Host:</b> | <i>Native</i> | <b>Type:</b>    | Full length protein |

### Useful Information:

#### Purity:

> 90 % as determined by SDS-PAGE

#### Formulation:

Liquidin PBS pH7.4, containing 10% glycerin and 0.05% Proclin 300

#### Biological Activity

N/A

#### Endotoxin:

N/A

#### Storage:

Proteins are provided as frozen liquid which are shipped with dry ice. Bulk packages can be provided as lyophilized powder which shipped with blue ice.

#### Reconstitution:

According to the application.

#### Description:

The content of FDP can reflect the strength of fibrinolytic activity in vivo. FDP can inhibit fibrin formation, antithrombin, and inhibit platelet adhesion, aggregation and release.

#### Note:

This material is offered by Gene Universal for research, laboratory or further evaluation purposes.  
Not for human use. Made in China.
